Get Ahead of the Game
**With Placements, Internships
Hands-on Training and
Industry Exposure at
iLEAD**

www.ilead.net.in

iLEAD offers a wide range of diverse placement opportunities to students across various sectors of mass media, FMCG, pharmaceuticals, hospitality, real estate, IT, healthcare and more.

Along with these opportunities, we also provide internships and exposure to real industry scenarios, giving our students a practical understanding of their chosen profession. These experiences develop critical skills that make our students more employable and give them an edge in the competitive job market. We believe these internship programs or industry exposures also attract an overwhelming response from the corporate world.

Our placement cell works tirelessly to ensure that every student has access to quality internships and job opportunities in their field of interest. Throughout the year, they organize seminars, workshops, field visits to connect the students with the industry leaders and corporate sectors. These events are designed to help students identify their strengths, interests, and career goals, and provide them with personalized guidance and support. Our plan of action include the following.

- We provide 100% Placement Assistance
- 100 hours of job oriented practical training in every degree program
- Internships and practical exposure to ensure hands on experience
- Tailored events to help students identify their career goals
- Placement/Internship drives in the campus
- Exclusive summer internship programs during final year

So far the best of companies have participated in on/off campus placements offering excellent career opportunities to iLEAD students. Some of the brands where our students are successfully placed/interned are PwC, TCS, Reliance Retail, ABP Digital, ITC, Indian Football Association, Eskay Movies, PS Group and more.

Our Placement Team

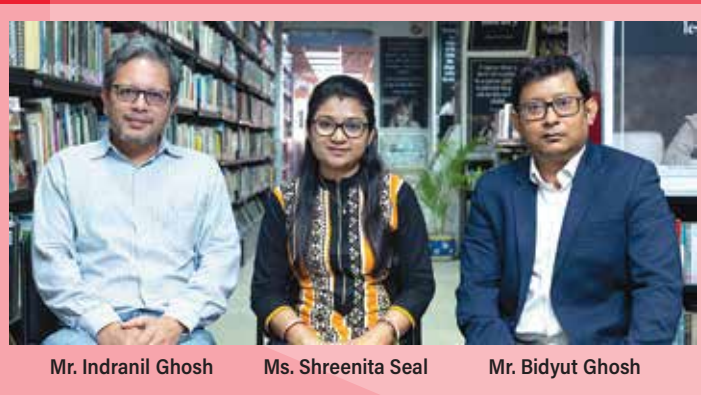

iLEAD Placement Cell always works towards enhancing career opportunities for our students having specializations in Business Management, Media Science, Animation and Graphics, Data Science, Cyber Security, Gaming, Film and Television, Fashion and Interior Design, Allied Health and more to suit the varying organisational needs.

With a view to bridge the gap between industry requirements and academic curriculum, we have established a Corporate Relationship Cell that works relentlessly to bring experts from the various fields of industry to iLEAD in order to enable the students to interact with them and know and understand the requirements of the industries and accordingly prepare themselves for the future.

In addition to the academic curriculum, students also undergo summer internships/industrial training in reputed industries in their area of specialization.

It has always been our earnest endeavour to consistently provide the best opportunities for our students.

Industry Visits

iLEAD provides the best possible exposure to the students in the form of field trips or industry visits. These exposures help in enhancing their practical knowledge. Some of our field trips/industry visits include the following:

Visit to SA Exports

Visit to Bhagirathi Neotia Hospital

Visit to Ruby General Hospital

Visit to TV9 News Network

Visit to Tata Football Academy

Visit to Coca Cola Factory

Corporate Connect

Attending seminars and workshops help students to learn from industry experts and network with professionals. Among the many seminars and workshops we organize, our exclusive career conclave 'Future Vista' witnesses the presence of dignitaries from various sectors discussing with students the changes and growth in the respective sectors along with the emerging new-age career opportunities.

Mr. Debayan Mahesh (HOD, Optometry, Centre for Sight), Ms. Sunanda Banerjee (Executive Director, Innolead), Mr. Anindya Sen Majumdar (Associate Vice President, Osteostrom India) and Mr. Indranil Ghosh (Education and Training Consultant, iLEAD)

Mr. Sankha Banerjee (Asst. Professor, Department of Multimedia, St. Xavier's College, Kolkata) Mr. Argha Sengupta (Associate Professor, Animation Cinema Dept, SRFTI, Kolkata), Ms. Ekta Bhattacharjee (Founder, Ekta Creative Tales) with Mr. Saurav Mukherjee (HOD, Animation and Gaming Dept, iLEAD)

Mr. Abhishek Banik (Project Manager, Oracle Solution Practice, PeopleSoft, Cognizant Technology Solution), Mr. Tito Gomes (Manager, Cyber Strategy), Mr. Tuhin Roychowdhury (Consultant, PwC), Mr. Soumen Mukherjee (Associate Professor, RCC IIT) and Ms. Abanti Sen (Managing Director, BizmanWeb) and Mr. Vishal Dave (Founder, Revolution)

Dr. Indranil Mukhopadhyay (Senior Associate Vice President, Dept of Human Resources, TCS, Kolkata), Mr. Subir Roy (Business Analyst and Entrepreneurship Expert, Entrepreneurship Development Institute of India), and Mr. Joydeep Gupta (Leader of the Cloud Services Team, IBM India Pvt. Ltd.), Ms. Neelu Jain (Founder Director, Khrysalis Training and Consultancy LLP) along with Dr. Ishita Dutta Roy (Vice Principal, iLEAD)

Mr. Suman Bandyopadhyay (Asst Professor, NSHM School of Media and Communication), Mr. Gaurav Chakraborty (Actor), Ms. Rita Bhimani (CEO of Ritam Communications) and Ms. Prema Rajaram (Journalist)

Mr. Arnab Bhowmik (CEO, United Sports Club), Mr. Yan Law (Ex-National Team Footballer, Asia's Youngest Professional Coach), Mr. Sumedh Patodia (Team Director, Kolkata Thunderbolts), Mr. Anirban Dutta (Secretary, Indian Football Association) and Ms. Purna Rajaram (Journalist)

Students' Feedback

Here's our students sharing their honest opinion about their experience at iLEAD

"The transition from campus to corporate can be a significant change for many individuals. Going from a structured academic environment to a fast-paced, ever-changing corporate culture can be challenging. However, iLEAD has played a significant role in the transition and provided proper preparation and mindset; making it smooth and successful.

Kathakali Mondal

BBA

From the beginning of my second semester here at iLEAD, I was given several internship opportunities by the placement team of iLEAD. By the beginning of the sixth semester, I completed six internships. Finally, grabbing the opportunity to be an HR Intern at EY. Which enabled me to start my corporate journey.

iLEAD has also stimulated a corporate environment amalgamated with the environment of a normal college (in-campus), which has helped the students to nurture and build a corporate mindset, along with discipline and entertainment. Giving students like me a life-changing experience.

I would like to thank the entire placement team of iLEAD for providing great internship and placement opportunities and making me prepare for my corporate journey."

"I am thrilled to share my experience regarding my successful internship at ABP Weddings as a Product Growth Intern. This opportunity made my classroom walk to office. I gained invaluable knowledge and skills in product development and marketing. I learned so much during my time at ABP Weddings, and I am confident that the experience will serve me well as I begin my career.

I would like to express my sincere appreciation to iLEAD for their unwavering support and assistance in helping me secure this internship opportunity."

Sneha Dutta

B.Sc in Media Science

"As a final year student, I feel immensely grateful to be a part of iLEAD and its student council. It has been an incredible journey filled with invaluable experiences and opportunities for personal and academic growth. The faculty at iLEAD is dedicated and passionate about imparting knowledge. The vibrant campus atmosphere fosters a sense of belonging and encourages collaboration among students from diverse backgrounds. The extensive range of courses and resources provided have empowered me to explore my interests and develop a well-rounded skill set. The supportive community at iLEAD has nurtured my potential and prepared me for a successful future. I will always cherish my time here and proudly carry the legacy of my college with me wherever I go."

Aryadev Ghosh
B.Sc in Data Science

"Attending college can be one of the most transformative experience that one can have. And it was surely the case with me. My batch that is the data science batch is so engaging and open minded. There has always been new ideas popping up and new opportunities to be embraced. Overall my college experience was fabulous."

Aniket Sharma
B.Sc in Data Science

Pahel Singhania
B.Sc in Media Science

"I felt like a misfit during 2022. Pursuing a course I just consider as a "Plan B" got in play. Being a student in college, I faced the either extremes, being stuck at home for months to not going home for weeks.

It was a great experience learning uncountable things about the film industry and in the run of learning, finding my inner niche.

I, Pahel Singhania who never imagined it in her dreams, is now a Production Designer for films at Eskay Productions.

The transition has been bumpy but nevertheless, I have used and experienced most of the things, college had to taught me, in my budding film career, and I hope, the industry and its people enlighten me more in my way."
